The "deck" (this refers to both selected and unselected envelopes/cards) will be secured and locked onsite with ENAGB. This will continue weekly until the Ace of Spades is chosen.

In the event the Ace of Spades is selected on the first draw of a round the winner will be awarded both the current evening's prize amount and the accumulated jackpot. The event and the licence are then concluded.

Week (Round) number 52 shall be the last draw the Ace of Spades and the accumulated pot awarded. The event will then be considered as concluded.

Sold Tickets are valid only for the draw they are purchased for. Once the draw is complete, the non-winning tickets are removed from the draw container and a new series of tickets will be sold for the next draw date.

The ticket sequence used that week and the winning ticket number will be entered into the "Ticket Log". Subsequently, the stubs will be removed from the drum, placed into sealed containers and retained in a secured area for a minimum of 30 days. Winning tickets will be retained until 30 days after the conclusion of the licence.

To avoid duplicate numbered tickets, two-part stub tickets will be printed beginning at the number one. Numbering will continue until the raffle is concluded. Tickets will be sold consecutively for each draw. The first and last ticket sold for that draw will be recorded in the sales log.
